27TH: 2: Dutch Men come from Pollicat with a letter to congratulate

and Demand Runaways.

Senr: Johannes Huysman now Second in Councell at Pollicat and Sinr: Dirk Vonk arived from Palicat with a letter from Sinr: William Carolus Hartsinck now President there (since the Death of Heer Caulier the late Governour) Congratulateing the Agents safe returne, and demanding some Men which had deserted their Service and were aboard of our ships of which they had good Attestations of Persons that see them there, the Contents of the letter being understood Capt: North and Capt: Earning were sent for and demanded before them whether they had any such men aboard their Ships to which they answeared that possibly such Persons might have been aboard, but they neither paid nor fed any Runaways, however they would send to see if there were any such there now, and having sent, afterward returned answear there was none but such as they brought out of England; the said Strangers were invited to Dinner and treated with Guns and after Dinner desired a letter in answear to that which they brought, which being written and Sealed was delivered, then they asked where the Men were, it was replyed they had heard what answear the Captaines had given, thereupon they tooke out a Paper saying they were ordered by Commission to deliver it, and that it was a Protest for not delivering the Men & desired answear to it, to which the Agent replyed, that 'twas irregular for the President to make a Protest before he knew what answear was made to his demand therefore noe other answear could be given to the Protest untill he signified his dissatisfaction to the answear to his Letter, then they desired to know the Contents of the answear to the Letter, to which the Agent replyed that as they had brought and delivered him a sealed Letter soe he had delivered his answear Sealed, neither did they acquaint him with any the contents of it before hand more then Recomendations but referred him to what was written in the letter, much more discourse passed not materiall to note, this in fine being the Result, upon wch: they departed and returned to Pollicat this night.

they Protest.

The Letter from Pollicat was written in Dutch, and the answear returned in English.

It is observable how uncivilly and imprudently these Men acted in this procedure, they advised not one word of Protesting in the Letter, and never spake of it in discourse, but just upon parting after they received our answear sealed popt it upon us, altho in the Protest they say they doe it by order of their superiours. It was allsoe offered them to go aboard & call over the Muster Rolls of the Ships but they refused it.

Comission & Instructions given to Joan Perera de Faria Junr :

COMMISSION & INSTRUCTIONS given by Streynsham Master Esqr. Agent for the English Nation upon the Coast of Chormandell and in the Bay of Bengale and Governour of Fort St. Georg[e] Madrasspatam by and with the advice of his Councell unto Joan Perera de Faria Junior to treat with his Majesty the King of Barma and Pegu concerning Articles of Comerce to be obtained for the English Nation for the Settling a Trade in those Countrys.

ye : Compas Seale

SINR : JOAN PERERA DE FARIA JUNIOR.

Having confidence in your ability, industry and integrity in the managing of an affair of that Importance, I doe herewith deliver you a Paper or draft of Articles of Comerce upon wch: I doe hereby impower you to treate with his Majesty the King of Barma & Pegu using your best endeavours to obtaine that the same may be granted by his said Majesty unto the English Nation for the setling ffactorys and a lasting trade within his Dominions and under his protection, wch: may Redound as much or more to the benefit of his Majesty and his Countrys then to the English themselves who seeke it, for there is noe Nation with whom we trade but they find great advantage, satisfaction and content in our Comerce and Conversation in soe much as that in all our ffactorys under this Agency upon the Coast within the Kingdome of Gulcondah, and alsoe in all those in Orixa and Bengale under the Great Mogull we are not only free from paying all manner of Customes and Dutys (which is more then the Dutch can obtaine) upon our goods and Marchandize as they pass in or out or to any parts within land, but alsoe from being obliged to Present the said Kings with any

Presents or to send any Persons in the quality of Ambassadors or Agents to their Courts, & we doe enjoy many other great priviledges in these Countrys for the better and more easy carrying on of our Trade and affairs, as that our goods are at noe place denyed passage without being opened, examined or in the least hindered, our Ships never looked into nor any question made to impede their departure, and many other such like priviledges as is very well knowne to all People, which we doe enjoy as freely in them parts as in this our owne government, and it was the troubles we Suffered under the government in Pegu which caused us to Relinquish our Trade in that Country heretofore, but now hopeing to obtaine some better encouragement we offer at a new Settlement, and if the King shall thinke fit to concede to what we propose he will certainly find advantage in it, if not we are still friends as we were before ;

The great business will be upon the prizes of the goods that they may be at such moderate rates that we may be able to hold the Trade, alsoe for Saltpetre, for liberty to make it and transport it, if that may be had cheap and we may be free to imploy the Natives to make it for us and to Export it in such quantitys as we shall require it will much encourage us for supply of Ballast for our Europe Ships, and for our Kings want of it by reason of the great expence of Powder in his Sea Warrs with his Neighbours. The next thing is how to supply Mony or goods to pay for those goods we shall carry out of the Country, and the last and most needfull to continue our Comerce is Such a freedome & liberty for our ffactorys and Ships as may not discourage our People, for we have forsaken many profitable trades by reason of the inconveniencies that attend an over strickt and severe usage, w^{ch} : is altogether needless to the English who are a friendly and true People to what they promise as they have aproved themselves at all times, and upon the Acco^{tt} : that they are Soe acceptable to all Princes in those places where they have any trade their priviledges are greater then any other European Nation ; having Represented these things to his Majesty and his Ministers as you shall find fit and convenient, I desire you to give me advice of your Success therein, and of what further you shall find necessary in relation to this affair, and upon receipt thereof you shall receive a definitive answear from me, and soe God keepe you, Dated in ffort S^{t} : George Madrasspatam the 23th : day of February $16\frac{7}{8}\frac{9}{0}$

an English Man marryed by Antonio Farnandis contrary to order.

Phinehas Brewster an English ffreeman being Marryed to a Portugez Woman the Widdow of Francis Barrick an English Man by Antonio Farnandis a Portugez Clerigo on the 21th: September last against the orders made and published the 4th: Aprill 1678: which Priest did not belong to this place and is since fled out of this jurisdiction to avoyd exemplar punishment which shall be inflicted upon him whenever he comes within the verge of this government to be laid hold on.

Marryages between Protestants and Roman Catholicks considered.

It fell under consideration whither it consisted with our Religion and Interest to admit of Marryages between Protestant and Roman Catholick in this place and upon the Debate Resolved.

The Resolves.

1st: That 'tis not against the law of God in holy Scripture nor the lawes of England, and hath frequently been practiced in England for Protestants to Marry with Roman Catholicks.

——*FORT ST. GEORGE, MARCH* 1680.—— [22TH.]

2d: That the Roman Catholicks of this place being the Offspring of Forraigne Nations Chiefly Portugez and borne out of England are not lyable to the lawes of England provided against Roman Catholicks, they allways owning themselves vassalls to the King of Portugall.

3d: That tis our Interest to allow of Marryages with them, espetially our Men with their Weomen to prevent Fornication, and in reguard there is not English weomen enough for the Men, and ye: Common Soldyers cannot maintaine English Weomen and Children with their Pay as well as they can the weomen of the Country, who are not soe expensive, and not less modest then our ordinary or common people are, and in matter of Marryages we have allready gained by them many hopefull Children brought up in the Protestant Religion.

It is alsoe further to be remembred that these Roman Catholicks of the Portugez Nation were invited hither upon our first settlement, ground given them to build upon, a Church and ffrench Priests allowed to encourage them to come and Inhabit here, they have been Loyall and Serviceable in the defence of the place in time of warr and are a great security to us upon that accott: and our greatest income arises from the Customes upon their Commerce.

MUNDAY THE 9TH:

STREYNSHAM MASTER Esq^R. AGENT & GOVERN^R.
M^R: JOHN BRIDGER
M^R: TIMOTHY WILKES.

The letters from the Chief and Councell of the Bay at Hugly dated the 19^th: June received on Saturday night last being read it fell under consideration whome to apoint for Second at Hugly, M^r: Job Charnock having refused to accept of that imployment, and the Hono^ble: Company having by their letter dated the 3^d: December last left it to his choice to be Chief of Cassumbazar or Pattana notwithstanding any Rule or Order to the contrary, and M^r: Edward Littleton — a Second to be settled at Hugly.

[9TH:] ——*FORT ST. GEORGE, AUGUST* 1680.——

having declared to the Agent in the Bay last yeare, that he would not accept of y^e: Secondship of Cassumbazar under M^r: Charnock, It is therefore Resolved to send order to the Chief and Councell of the Bay that M^r: Job Charnock shall be Chief of Cassumbazar, and M^r: Littleton to be perswaded to accept of the Secondship under him as the Hono^ble: Comp^a: have apointed, and if he doe accept it, then M^r: Samuell Hervy to be Second at Hugly, and the Chiefship of Dacca to lye vacant untill further order, there being little business there but what is transacted at the Durbars by the Vackeels; But if M^r: Littleton doe refuse to be Second of Cassumbazar under M^r: Charnock, then that M^r: Littleton doe continue Chief of Cassumbazar to finish this yeares Investments begun by him and not to be well concluded without him, and after the departure of the Shiping some time in y^e: Month of January to deliver the charge of Cassumbazar ffactory over to M^r: Charnock who shall then enter upon that Chiefship, and M^r: Littleton then to be Second at Hugly untill further order.

Mr: Charnock Chief of Cassumbazar.

but Mr: Littleton to finish this yeares business at Cassumbazar.

John Thomas to come up to the ffort.

And whereas the Chief and Councell of the Bay doe advise that M^r: John Thomas hath twice been distracted of his Witts and endeavoured to doe mischief to the danger of his owne and other Persons lives which if he should be continued there and any such accident should ensue might bring trouble upon the Companys business, to prevent which they desire he may be ordered up to the ffort, It is thought fit soe to doe, and to order that M^r: Francis Ellis now fourth doe supply the place of third in Councell at Hugly, and M^r: Richard Trenchfield to be fourth in Councell at Hugly he being the next Person in degree there, and to leave it to the Chief and Councell of the Bay to apoint a Second at Maulda in M^r: Trenchfields Roome.

Francis Ellis to be third and Richard Trenchfield fourth at Hugly.

Mr: Vincents bill of Exco: accepted.

It is Resolved to accept of the payment of M^r: Vincents Bill Exc^e: for 15000: Rupees paid out of the Comp^as: Cash in the Bay to be repaid here at $8\frac{3}{4}$: annas of a Rupee to the Abassee he being content to allow the difference of what the Mahmuddys are worse then Abassees, w^ch: is $14\frac{1}{4}$: Mahm: for 6: Abassees at w^ch: rate y^e: 15000: Rup^s: Makes Mah: $65141\frac{1}{2}$:

about Mr: Hervys not obeying orders.

The Chief and Councell of the Bay having advised in their aforesaid Letter that M^r: Hervy having received Dispatches from them to goe from Hugly to Dacca upon the 2^d: March stayed after that in Hugly, untill the 18^th: March notwithstanding they often call'd upon him to be gone, and he made it the 29^th: March before he departed Meir Daudpore to goe to Dacca, and did not call at Cassumbazar to take with him the Money and Horses he was ordered to carry with him to Dacca, which are misdemeanours which the Hono^ble: Company in their often repeated orders doe require to be punished w^th: suspention from their Service, however before the Sentence be passed 'tis thought fit to heare M^r: Hervys defence for himselfe, and that it be so advised to the Bay; and least others should follow this bad example which may be of great prejudice before our orders can arive for remedy therein,

further Powers to y^e: Chief & Councell of the Bay.

It is Resolved to give Orders to the Chief and Councell of the Bay that if any one under them in the Comp^as: Service shall disobey their orders or refuse to doe what they shall enjoyne or require them to doe in reference to the Comp^as: service, they shall not permit such a one to act any further in the Companys business, nor allow him any Salary, Dyett Mony or Servants wages, but forthwith give Acco^tt: thereof to the Agent and Councell that they may suspend him the Service according to the Hono^ble: Comp^as: often repeated Orders, and particularly in the 26^th: Section of their letter of 12^th: December 1677: the 19^th: Section of the letter of 3^d: January 1678: and the 17^th: Section of the letter of 3^d: December 1679.

the Petty Officers Petition. Upon reading a Petition of the Serjeants, Corporalls and Rounders that the Gentleman of the Armes might not be prefered to an Ensignes place before them, It was thought fit to send for the Person who delivered the Petition and give them for answear, That what is done was not resolved upon without due consideration, For

the Agent and Councells answear. the Marshall being a Forraigner and noe Naturall borne Subject to his Majesty, it was upon the former settlement of the Commission Officers thought fit not to prefer him any further of which he was then in the Councell Chamber acquainted that he must expect noe further advancement, and for the Eldest Sarjeant it was notoriously knowne to all the Garrison that he soe little merited preferment that if he did not reclaim himselfe and live more soberly he would not hold the place he enjoyed at the present, for the others it was noe injury to them, and for some reasons it was thought fit rather to prefer one out of the Ranck who came out alsoe a Soldyer and was a Person capable of the Imployment, there having been a like President heretofore at this place as well as the practice of Bombay, therefore their obedience was required to what was ordered.

Commissions delivered the Officers. The Officers of the Garrison were sent for and the Commissions delivered them according to last Consultation.
